

NEGRO GIANTS HERE FRIDAY TO PLAY B'S

**Famous St. Louis Team to be
Attraction for July 4th
Morning Game**

Charles Mills' undefeated speedy Negro Giants will be the big attraction at North End Park July 4th, game to start at 9:30.

The Giants have played here on sev-

eral other occasions and have always proven to be attraction on account of their clever work and lightning speed. Mgr. Mills has always had a cracker-jack of a club, always playing clean classy ball and the fans should take the opportunity to see them practice, as it is worth the price of admission to see them whip the ball around and run the bases. They will be on the ground at 5:20 to give the fans an exhibition before the game. Come out early and see it all.

The B's sure had an off day last Sunday and let's hope that will be enough of that kind of stuff for all season. Big Boy Schrag pitched rings around the Keen Cutters and should have won his game, letting his opponents down with six hits and striking

out eleven men. Whitehead of the Muny Leaguers only struck out two men and allowed eleven hits, including two two-baggers and a triple. Tough luck, Big Boy.

The B's are still smarting over their defeat of last Sunday and will go into the game July 4th against the colored team with the determination to show the fans they can put up the real article and when the smoke clears away after the big battle Mgr. Mills' wrecking crew will know they were in a real ball game. To be on the safe side the local management have secured the services of three good pitchers to check the high flying Glants. Eddie Bryan, local phenomenon, who has been pitching such wonderful ball for the O. A. C., will take turn No. 1, with Tod Harding, the spitball king,

and Cannon Ball Schrag in reserve, with Web Krebs taking care of their shoots. The B's were handicapped last Sunday owing to the absence of their keystone star, Mickey Wasem, which broke up the whole infield play, but Friday they will all be on the job and watch their smoke. The line up:

B's—Miller, 3b; Wasem, 2b; Jones, 1b; Krebs, c; Rodenmeyer, ss; Silch, rf; Schneeberger, lf; Thoma, cf; Bryan, Harding or Schrag, p.

Glants—Jones, ss; Carey, 3b; Scott, lf; Blackwell, cf; McAdoo, 1b; Kennard, c; Bennett, rf; Brooks, 2b; Gatewood or Finner, p.
