

UNION GIANTS TO FINISH PRACTICE SEASON SCHEDULE

Negro Team Has Reputation of
Being Hard Opponent —
Foley Arrives to Join Team
and Try for Job.

The arrival of Infielder Don Foley, of Dayton, one of the best men ever let slip by a Central league club, has completed the roster of the Benders and the team is now in shape to face the Union Giants from Chicago here on Sunday.

The Union Giant game is sure to be a fast encounter. Smith's team will be up against some stiff proposition and if they win it will be over a club that is admitted to class with the best of its kind in the world. The Giants are a negro club and embrace some of the best talent in the country. In "Bullet" Wilson they have a twirler said to be the equal of the great Walter Johnson in pure "smoke", while some of their batters are known as great sluggers.

Duffy will pitch part of the game for the Bender team. Duffy hurled five innings on Friday and looked good.

The game Sunday will be the last one that the twirler will be asked to work in until Wednesday, when he will pitch against the Kazooz at Springbrook park in the opening game of the Southern Michigan league season. Lize Fulton, the Ozark bear, and another Jeff Tesreau as a pitcher, will hurl for the Kazooz on this day of days. Fulton is one of the best in the league and if Duffy is right and is going strong it will probably be a battle royal.

Stevenson is a fixture at the third corner. On Friday he played a whirlwind game at the hot angle of the diamond, and his work was a revelation after seeing some of the rather sorry third sacking that has been supplied here this year. Stevenson can play the bag like a big leaguer and if the South Bend club is outclassed at the third sack it will be because a new Jimmy Collins or Tommy Leach has broken on the baseball horizon.

Foley may not break into the game on Sunday, but it is going to be one awful job to keep Foley out of the infield when the season is under way. Sack has been playing a fast game at short and will probably contest the job hotly with Foley. Roth has been clouting the ball like a Baker and this may hold him on the keystone sack. The team has in Stevenson, Matt, Sack, Roth and Foley five good men for three jobs and the competition promises to be keen.
